

# Cooler Packing List

## Perishables in Big Pocket

Milk

[Gallon plastic bag](#) of ice on one end.

[Reusable ice packs](#) for the other sides (like the ones you get in the hospital after delivering babies) + many coolers include them.

Any left-overs from previous days' dinners.

Any left over fruit so it won't spoil in the house, like mandarin oranges, raspberries, strawberries, grapes.

Yogurts for the kids.

## Non-Perishables in Small Pocket

A few more [Kids Z Bars](#) other than the ones in my purse.

[Fruit snacks](#)

[Cereal](#) in [reusable container](#).

The [Munchkin Cool Wrap Bottle Bag](#) I bought years ago that holds three bottles or two sippy cups and is much easier to carry around during day trips. It's like a small lunch bag. This newer version also states that it carries up to 4 bottles.

Paper plates (About 10)

Napkins

Plastic utensils (Enough for everyone to wash and use again)

Plastic cups
